

BIO (2023)

To commemorate the milestone, Freddie Jones Band released a brand-new version of “In a Daydream” in 2022, as well as their newest singles, “Connected” and “Mirror Ball.”

Despite the band’s name, none of the members are named Freddie Jones. Freddie Jones Band is fronted by founding member, Marty Lloyd, who is joined by an all-star lineup that includes longtime band member and noted bassist, Rich Ross, who has also spent many years touring with The Samples.

In addition to “In a Daydream,” Freddie Jones Band is known for other popular singles including “Take the Time,” “One World,” and many others. The band’s 2015 studio album, “Never Change,” was produced by three-time Grammy-winning producer and engineer Justin Niebank (Taylor Swift, Keith Urban, Brad Paisley). Niebank stated that “Never Change” was “the best record I’ve worked on in years.”

Freddie Jones Band maintains a busy tour schedule, which can be found at the band’s website, FreddieJonesBand.net.
